

### OIL CLEAN UP PROJECT PERUVIAN AMAZON SHIPPED RTA - READY TO ASSEMBLE

500m in a Ready To Assemble format, delivered to one of the most isolated parts of the world. Sea freighted in 1 x 12m container, to Lima Peru, from Lima to Pucallpa by truck, by barge down the river to the Amazon river and unloaded on the side of the Amazon. Crates lifted by helicopter and taken 18 miles into the Jungle to an oil polluted site in the Yanuyacu reserve in the Peruvian Amazon, where the structure was assembled.
